ART CAMPS

An ideal complementary course to the Jon Meyer Nature Camps, Fernwood's Roy and Ethelbel Knauer Art Camps combine the arts with natural sciences and are designed to stimulate curiosity, appreciation, and knowledge of the natural world. Campers use inspiration from Fernwood's gardens and natural areas to create projects that include drawing, painting, tie dye, sculpture, and much more. On the last day of each session parents are invited to a gallery showing of all the children's wonderful creations.
