Elementary Specific

- How many live lessons do I have per week? K-5: 1-2 a day
- How much screen time per day? K-5: 3-4 hrs of content; not all screen time
- Will my student get a chance to interact with classmates? Yes, in lessons, but we will also do our best to build that culture outside the classroom as well.
- Does the home education partner need to be tech savvy? They need to be comfortable navigating, but don't need to be an expert by any means.

Secondary Specific

- How do I schedule my classes? You will work with your currently assigned guidance counselor to match your current schedule and make any adjustments necessary.
- How much screen time per day? Roughly 45 minutes per class, not all screen time.
- Where do I find what classes are offered?
