Enrichment Opportunities
March 16 - April 3
Spring Break April 4-12

Dear Students and Families,

This afternoon, when we leave school, we are entering uncharted territory regarding learning together. As we suspend school until after spring break, we will embrace the opportunity to continue to connect with our educational family to enrich and practice learning you have already begun or provide a preview for new learning that will happen upon your return to school. We appreciate your partnership and your grace as we work through this unique situation.

Below you will find some guidelines for accessing enrichment opportunities from your teachers over the coming weeks. If online access is a barrier to participating in these enrichment activities, please contact your building administrator. Also, here is an [option](#) you may consider.
