

## Student Photo/Video Policy Opt-Out Form

It is the policy of St. Joseph Public Schools to allow photographs and video footage of students to be used in district produced materials including but not limited to web sites, brochures, social media, news media, posters, other printed materials, and television programming.

Photos and video footage of students add significantly to the communication value of district and school publications, video productions, social media, and web sites. It is the district's desire to share the achievements and recognition earned by students with the broader community. This effort can be aided by the use of photos or video footage showing students involved in classroom and school-related activities.

Parents and guardians may request photographs and video footage of students not be used by completing the attached form and returning it to the student's school office.
